

Stand up to violent persecution with the power of prayer

Join the International
Day of Prayer for the
Persecuted Church 2023

11/5/2023

**Violent persecution
in Sub-Saharan Africa
is unprecedented.**

**Christians are being
murdered, raped and
kidnapped on a scale
not seen before.**

Ayuba*, in Nigeria, was devastated when his father was murdered by Boko Haram. Then Ayuba received a note from the extremists. *He was next on the hit list.*

**We must stand with Christians
like Ayuba in prayer.**

**name changed for security reasons*

**When you join the International
Day of Prayer for the Persecuted
Church this year, you stand up
to violent persecution.**
